Re: Improvements to Plan of Dental Benefits

Date: April 1, 2019

The Trustees of the Suffolk County Superior Officers Association Benefit Fund (“Fund”) are pleased to announce that effective April 1, 2019, the following improvements have been made to the Fund’s plan of dental benefits:

- The maximum allowances reimbursed for procedures under the Fund’s schedule of dental benefits are now in-line to those under the dental plan of the Suffolk County Police Benevolent Association Benefit Fund. A copy of the Fund’s updated schedule of dental benefits is available from the Fund Office.
- The annual maximum allowance for radiographs (x-rays) has been increased to \$100.
- Coverage of bone graft procedures (ADA Code 7953) relating to the receipt of an implant has been added to the Fund’s schedule of dental benefits.

The Trustees are proud to be able to bring you these improved benefits to help defray the cost of rising dental expenses.

Fraternally,
